"WATER ACT, 1909."

NOTICE is hereby given that the following rules governing the expropriation of Water Records or Licences under section 116 of the "Water Act, 1909," have been made:—

RULES GOVERNING THE EXPROPRIATION OF WATER LICENCES UNDER SECTION 116 OF THE "WATER ACT, 1909."

1. The municipality shall serve the holder of the licence or licensees if it is proposed to expropriate, or if the land to which a licence is appurtenant is used by other than the owner, then both holder and user, with a thirty clear days' notice of such intended expropriation.

2. Such notice shall state clearly the amount or amounts of compensation proposed to be given.

3. Before the expiration of the said thirty clear days' notice the licence-holder, or the licence-holder and user, shall determine whether or not he or they will accept the compensation mentioned in the said notice, and notify the municipality accordingly.

4. Failure to give such notification shall operate as refusal to accept the compensation offered:

5. In the event of one (either holder or user) accepting the proposed compensation in respect of his interest in the licence and the other refusing, then the same proceedings may be had and taken in respect of the interest of the party refusing to accept the proposed compensation as may be had and taken if the proposed compensation had been refused by either the holder or both holder and user.

6. If the holder of a licence is absent from the Province, or after diligent inquiry and search cannot be found, a petition may be presented to the Lieutenant-Governor in Council for leave to give notice of expropriation by advertising in a newspaper of the district in which the water right is situated, or, in the absence of such newspaper, in the one nearest thereto, and in the British Columbia Gazette for thirty clear days.

7. If the holder or holder and user of a licence shall accept the proposed compensation, the municipality may, after payment or tender of the amount, take and use the water rights under the licence expropriated, and secure a substituted licensee therefor, having the priority of the licensee expropriated.

8. If the holder or holder and user of a licence shall not accept the proposed compensation, then the amount of compensation shall be ascertained by arbitration under the "Arbitration Act."

9. If notice has been given by publication under Rule 6, then the Lieutenant-Governor in Council may appoint an arbitrator or arbitrators to decide the amount or amounts of compensation which shall be given.

10. If the arbitrator or arbitrators shall award to the holder and user, or either of them, a larger sum than that offered by the municipality, then the cost of the arbitration shall be borne by the municipality; but if the award shall be equal to or less than the amount or amounts offered by the municipality, then the costs of the arbitration shall be borne and paid by the party or parties refusing to accept the offered compensation.

11. Upon payment or tender by the municipality of the amount or amounts of the award to the holder or holder and user, the municipality may take and use the water rights under the licence expropriated, and secure a substituted licensee therefor.

12. The procedure for expropriation of a water record issued under any former Act shall be similar to the above procedure for expropriation of a licence, and a licensee may issue for the record expropriated having the priority of the record expropriated.

Dated this 24th day of August, 1910.
